

BONVO

Ring Sizing Guide

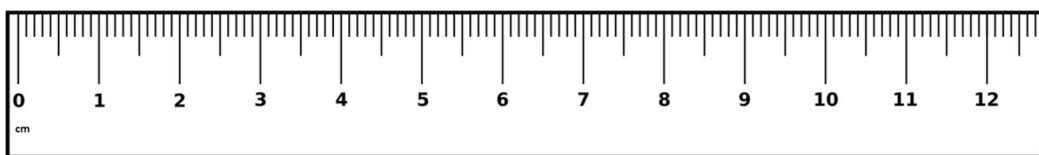

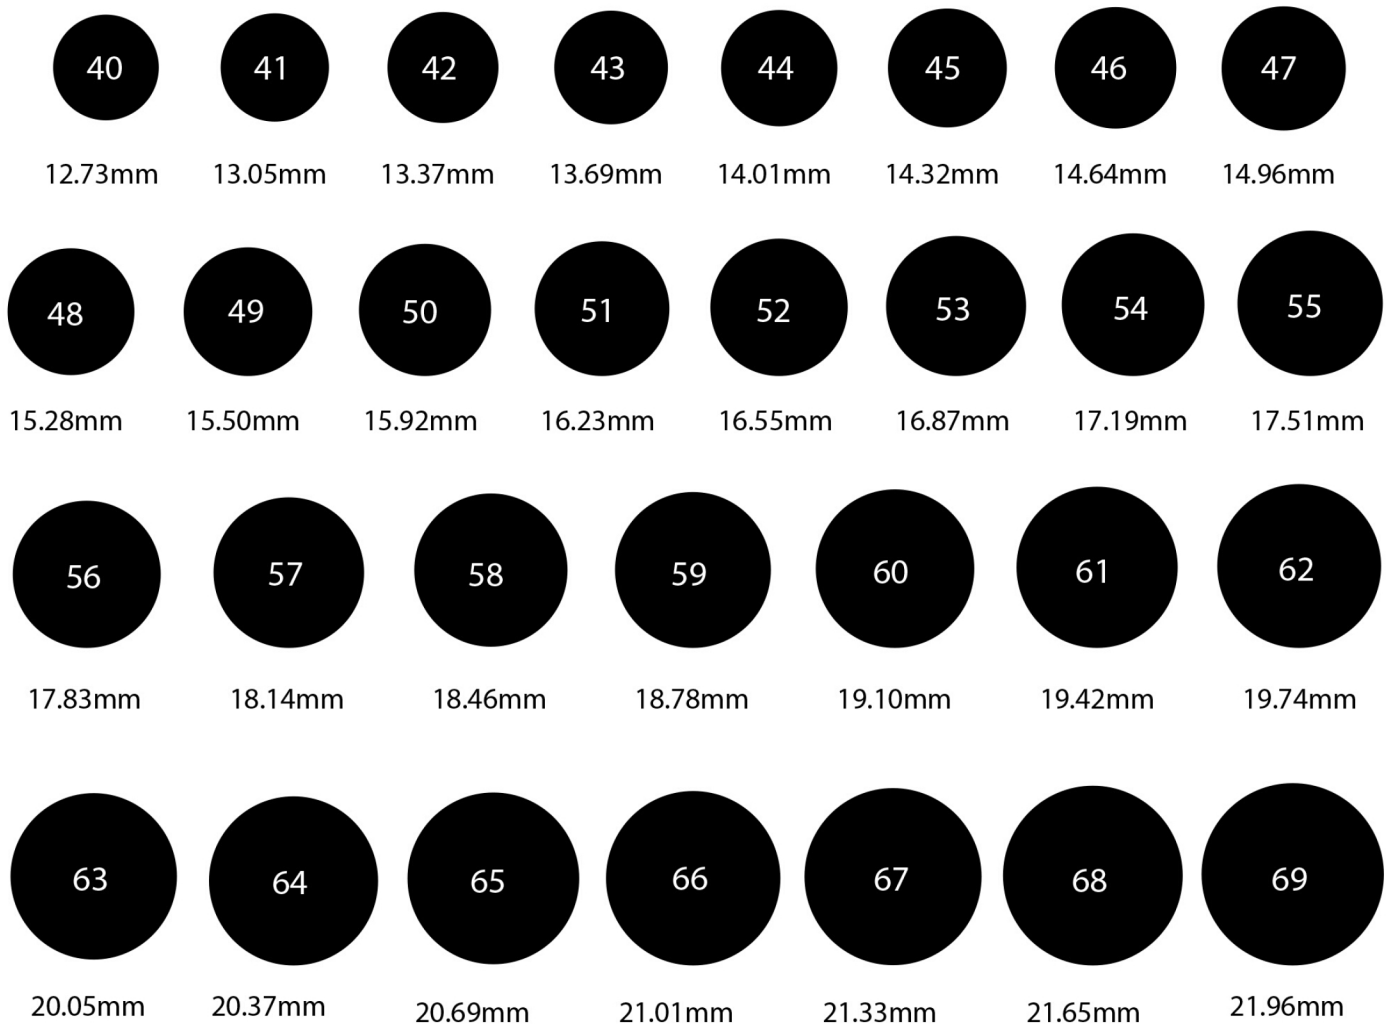

It is really important to us to make sure that your ring will fit you perfectly. Your ring should fit comfortably, so that it is tight enough not to fall off, but loose enough to slide over your knuckles.

If you don't want to try our Ring sizer please follow carefully our measuring tips below & the attached size chart to find out the correct ring size for you.

If you have already a ring that perfectly fits the finger on which the Bonvo creation will be worn, you can place it over the nearest sized circle. Each of them corresponds to the inside diameter of the ring, the number in the middle is the circumference.

For the fit to be perfect, the circle on the chart should appear on the inside of your own ring, right next to it.

In case your ring appears to be between two sizes, we recommend you to choose the larger size.

PRINTING SETTINGS

To get the best results, you will need to go to the 'printing settings' before printing and ensure that the 'page scaling' option is set to 'none' in the print dialogue box. The Ring Size Chart must be printed on a full letter (8 1/2 x 11 inches) size page.

To check that the Ring Size Chart has been printed properly, take a ruler and measure the sample above.
